B. Difference Between a Participating Provider and Non-Participating Provider

Participating Provider means any person employed by an entity that has contracted directly or indirectly with the Issuer to provide covered benefits to Members. Participating Provider includes but is not limited to Participating Hospitals, Participating Physicians, Participating Behavioral Health Providers, Participating Health Professionals, Participating Urgent Care Facilities, Participating Pharmacies and Participating Specialty Pharmacy Provider within the Service Area.

Non-Participating Provider means a Hospital, Physician, Behavioral Health Provider, Health Professional, Urgent Care Facility or Pharmacy who has not contracted with the Issuer to provide benefits to Members of the Plan. We strongly encourage Members to use Participating Providers to assure the highest quality and lowest cost. Use of a Non-Participating Provider may result in additional charges to the Member that are not covered under the Plan. Requests for benefits performed by a Non-Participating Provider may be denied if there is a Participating Provider in the Network who can provide the same or similar benefit.

### D. Emergency Care

In the case of an emergency, Members may go to a Participating Provider or a Non-Participating Provider. The Plan will provide benefits for the Emergency Care received from a Non-Participating Provider to the same extent as would have been provided if care and Treatment were provided by a Participating Provider. However, follow-up care or Treatment by a Non-Participating Provider will be treated as Network coverage only to the extent it is Medically Necessary and appropriate care or Treatment rendered before the Member can return to Participating Provider in the Service Area. If a Member receives care and Treatment for an emergency from a Non-Participating Provider, the Member should notify Us as soon as reasonably possible to receive assistance transitioning care to a Participating Provider.

Medically Necessary Emergency Care received from a Non-Participating Provider, including diagnostic imaging and laboratory providers, will be reimbursed according to the terms of this Certificate of Coverage at the Usual and Customary or agreed upon rate, except for Copayments, and charges for non-covered benefits. The Member will be held harmless for any amounts beyond the Copayment or other Out of Pocket Expenses that the Member would have paid had the Network included Participating Providers from whom the Member could obtain care.

Medically Necessary Emergency Care is provided by this Certificate of Coverage and includes the following benefits:
- An initial medical screening examination or other evaluation required by Texas or federal law that takes place in a Hospital emergency Facility or comparable Facility, and that is necessary to determine whether an emergency medical condition exists.
- Treatment and Stabilization of an emergency medical condition; and
- Post-Stabilization care originating in a Hospital emergency room, Freestanding Emergency Medical Care Facility, or comparable emergency Facility, if approved by the Us, provided that We must approve or deny coverage within the time appropriate to the circumstances relating to the delivery of care and the condition of the patient not to exceed one (1) hour of a request for approval by the treating Physician or the Hospital emergency room.
Examples of medical emergencies for which Emergency Care would be covered include but are not limited to:

- Heart attacks.
- Cardiovascular accidents.
- Poisoning.
- Loss of consciousness or breathing.
- Convulsions.
- Severe bleeding; and
- Broken bones.

Once a Member’s condition is stabilized and as medically appropriate, We, upon authorization of Our Medical Director, may facilitate transportation to a Participating Facility. Where Stabilization of an emergency medical condition originates in a Hospital emergency Facility or comparable Facility, further Treatment following such Stabilization will require approval by Us.

E. Plan Network

Members are entitled to the covered benefits from Participating and Non-Participating Providers subject to the conditions and limitations stated in the Schedule of Benefits and this Certificate of Coverage that are Medically Necessary. Members can access up-to-date lists of Participating Providers and other Plan Network information by visiting Our website at swhp.org.

F. Required Payments

You will be responsible for expenses incurred that are limited or not a covered benefit under the Plan. Participating Providers will not look to the Member for payment outside of the Member’s Cost Share.

Except where stated otherwise, a Member must pay the Deductible shown in the Schedule of Benefits during each [Calendar] [Contract] Year before this Plan provides payments for benefits.

The individual Deductible applies to each Member. Once a Member within a family meets the individual Deductible, no further Deductible is required for the Member that has met the individual Deductible for that [Calendar] [Contract] Year. However, after Deductible payments for Members collectively total the family Deductible amount in the Schedule of Benefits in a [Calendar] [Contract] Year, no further Deductible will be required for any Member covered for the remainder of that [Calendar] [Contract] Year.

Some benefits Members receive under the Plan will require that a Copayment or Coinsurance amount be paid at the time Members receive the benefits. Refer to the Schedule of Benefits for specific Plan information. The Schedule of Benefits will indicate the basis of which a Copayment or Coinsurance amount is calculated. It may be per visit, per day, per service, or any combination thereof.

Most of the Member’s payment obligations, including Deductibles, Copayment and Coinsurance amounts are applied to the Maximum Out of Pocket.

The Member’s Maximum Out of Pocket will not include:

- Cost-sharing for Non-Participating Providers, except for Emergency Care and Medically Necessary covered benefits when those benefits are not available from a Participating Provider.
- Benefits limited or excluded by the Plan.
- Expenses not covered because a benefit maximum has been reached.
- Any expenses paid by the primary plan when the Member’s Plan is the secondary plan for purposes of coordination of benefits.
- Penalties applied for failure to Preauthorize.

When the Maximum Out of Pocket for a Member in a Plan Year equals the “Individual” “Maximum Out of Pocket” shown on the Schedule of Benefits for that level, the Plan will provide coverage for 100% of the Usual and Customary Rate for benefits for the remainder of the Plan Year.
When the Maximum Out of Pocket for all Members under the Subscriber’s coverage in a Plan Year equals the “Family” “Maximum Out of Pocket” shown on the Schedule of Benefits for that level, the Plan will provide coverage for 100% of the Usual and Customary Rate for benefits for the remainder of the Plan Year. No Member will be required to contribute more than the individual Maximum Out of Pocket to the family Maximum Out of Pocket.

Premiums are due in the office of the Issuer, 1206 West Campus Dr., Temple, Texas 76502 on or before the date indicated in the monthly billing statement issued to Group by the Issuer. The Contract Holder is responsible for informing the Issuer of any events which render an individual enrollee ineligible for coverage under the Agreement. Generally, the Contract Holder is liable for Premiums for a covered individual from the time that individual is no longer eligible for coverage until the end of the month in which the Contract Holder notifies the Issuer of that covered individual’s ineligibility for coverage. However, if a covered Member loses eligibility for coverage during the last seven (7) calendar days of any month, and the Issuer receives notice from the Contract Holder of that covered individual’s ineligibility for coverage during the first three (3) business days of the immediately succeeding month, the Contract Holder is not liable for that individual’s Premium for that succeeding month.

Notice of an individual’s loss of eligibility of coverage may be provided prior to the end of a month by United States mail, postage prepaid or by other means. Mailed notice shall be deemed to have been received by the Issuer as of the date of delivery to the post office. Notice given during the first three (3) business days of a succeeding month must be by a method that provides immediate notification, including hand delivered, internet portal, e-mail, or facsimile.

For example, if a covered Member loses eligibility by ceasing employment with the Contract Holder on June 2, and the Contract Holder does not inform the Issuer of this loss of eligibility until July 2, the employee, as well as that employee’s Covered Dependents, would be entitled to coverage until through July 31, and the Contract Holder would be liable for those individual’s Premiums. If, however, the same Employer lost eligibility on June 25, and the Issuer received notice from the Contract Holder of that individual’s ineligibility for coverage during the first three (3) business days of July, the Contract Holder is not liable for that individual’s Premium for the month of July. It is the Contract Holder’s responsibility to collect any Premium contribution due from its covered employees. Premiums are Required Payments.

Payment of Premiums for Employer plans are a personal expense to be paid for directly by the Employer on behalf of the employee and the employee’s dependents. In compliance with federal guidance, the Issuer will accept third-party payment for Premium from the following entities:

- The Ryan White HIV/AIDS Program under title XXVI of the Public Health Services Act.
- Indian tribes, tribal organizations, or urban Indian organizations; and
- State and federal Government programs

Except as provided above, third-party entities shall not pay the Issuer directly for any or all a Member’s Premium. Premium payments from any other party will not be credited to Your account which may result in termination or cancellation of coverage in accordance with the termination provisions of this Certificate of Coverage.

A Group must contribute for any Subscriber who enrolls in the Plan at least the same dollar amount as it contributes for any Subscriber who enrolls in other health coverage provided by the Group. A Group which pays a proportion of an employee’s Premium based on some percentage or other formula must contribute for a Subscriber who enrolls in the Plan the same proportion of the Subscriber’s total health Premium as it contributes for any Subscriber who enrolls in other health coverage provided by the Group.

Pursuant to Texas law, We may change rates only upon sixty (60) days prior written notice. Additionally, We will not change rates more or less frequently than annually unless otherwise allowed by federal law.

Subrogation and Coordination of Benefits Payments
A late payment fee may be assessed on any Premium not received by the Issuer at its offices when due. Such late payment fee will be calculated by the Issuer at the rate of 10% per annum. In no event will any such charge for late payments exceed the maximum rate allowed by law. Any late payment fee is a Required Payment from the Group.

If any Premium is not received by the Issuer within thirty (30) days of the due date, the Issuer may terminate coverage under the Agreement after the 30th day. During the 30-day grace period, coverage shall remain in force. However, if payment is not received, the Issuer shall have no obligation to pay for any services provided to You or Your Covered Dependents during the 30-day grace period or thereafter, and You shall be liable to the provider for the cost of those services.

H. Utilization Review

The Plan includes a Utilization Review program to evaluate inpatient and outpatient Hospital and Ambulatory Surgical Center admissions and specified non-emergency outpatient surgeries, diagnostic procedures, and other services. This program ensures that Hospital and Ambulatory Surgical Center care is received in the most appropriate setting, and that any other specified surgery or services are Medically Necessary. Utilization Review includes all review activities and may be undertaken by:

• Preauthorization review which takes place before a service is provided that requires Preauthorization.
• Admission review which takes place before a Hospital admission or after an emergency admission.
• Continued stay review which takes place during a Hospital stay.
• Retrospective review which takes place following discharge from a Hospital or after any services are performed.

Certain benefits require Preauthorization in order to be covered. For a complete list of benefits that require Preauthorization, visit Our website at swhp.org. Failure to obtain Preauthorization of benefits, other than Emergency Care, will result in a penalty of the lesser of $500 or 50% reduction in benefits.

We will accept requests for renewal of an existing Preauthorization beginning sixty (60) days from the date that the existing Preauthorization is set to expire. Upon receipt of a request for renewal of an existing Preauthorization, We will, to the extent possible, review the request and issue a determination indicating whether the benefit is Preauthorized before the existing authorization expires.

Preauthorization Review
To satisfy Preauthorization review requirements, the Member or Participating Provider should contact Us at the authorization phone number listed on the Member ID Card on business days between 6 a.m. and 6 p.m. CT and on Saturdays, Sundays, and Holidays between 9 a.m. and 12 p.m. CT at least three (3) calendar days prior to any admission or scheduled date of a proposed benefit that requires Preauthorization. Participating Providers may Preauthorize benefits for Members, when required, but it is the Member’s responsibility to ensure Preauthorization requirements are satisfied.

Subject to the notice requirements and prior to the issuance of an Adverse Determination, if We question the Medical Necessity or appropriateness of a service, We will give the Participating Provider who ordered it a reasonable opportunity to discuss with Our Medical Director the Member’s Treatment plan and the clinical basis of Our determination. If We determine the proposed benefit is not Medically Necessary, the Member or Participating Provider will be notified in writing within three (3) days. The written notice will include:

• the principal reason(s) for the Adverse Determination,
• the clinical basis for the Adverse Determination,
• a description of the source of the screening criteria used as guidelines in making the Adverse Determination; and
• description of the procedure for the Complaint and Appeal process, including the Member’s rights and the procedure to Appeal to an Independent Review Organization.

For an Emergency admission or procedure, We must be notified within forty-eight (48) hours of the admission or procedure or as soon as reasonably possible. We may consider whether the Member’s condition was severe enough to prevent the Member from notifying Us, or whether a family member was available to notify Us for the Member.

If the Member has a Life-Threatening Disease or Condition, including emergency Treatment or continued hospitalization, or in circumstances involving Prescription Drugs or intravenous infusions, the Member has the right to an immediate review by an Independent Review Organization and the Member is not required to first request an internal review by Us.

**Admission Review**

If Preauthorization review is not performed, We will determine at the time of admission if the Hospital admission or specified non-emergency outpatient surgery or diagnostic procedure is Medically Necessary.

**Continued Stay Review**

We also will determine if a continued Hospital or Skilled Nursing Facility stay is Medically Necessary. We will provide notice of Our determination within twenty-four (24) hours by either telephone or electronic transmission to the provider of record followed by written notice within three (3) working days to the Member or provider of record. If We are approving or denying Post Stabilization care subsequent to Emergency Care related to a Life-Threatening Disease or Condition, We will notify the treating Physician or other provider within the time appropriate to the circumstances relating to the delivery of the services and the condition of the Member, but in no case to exceed one (1) hour after the request for approval is made.

**Retrospective Review**

In the event services are determined to be Medically Necessary, benefits will be provided as described in the Plan. If it is determined that a Hospital stay or any other service was not Medically Necessary, You are responsible for payment of the charges for those services. We will provide notice of Our Adverse Determination in writing to the Member and the provider of record within a reasonable period, but not later than thirty (30) days after the date on which the Claim is received, provided We may extend the 30-day period for up to fifteen (15) days if:

• We determine that an extension is necessary due to matters beyond Our control; and
• We notify You and the provider of record within the initial 30-day period of circumstances requiring the extension and the date by which We expect to make a decision.

If the period is extended because of Your failure or the failure of the provider of record to submit the information necessary to make the determination, the period for making the determination is tolled from the date We send Our notice of the extension to You or the provider until the earlier of the date You or the provider responds to Our request, or the date by which the specified information was to have been submitted.

**Failure to Preauthorize**

If any benefit requiring Preauthorization is not Preauthorized and it is determined that the benefit was not Medically Necessary, the benefit may be reduced or denied. The Member may also be charged additional amounts which will not count toward the Member’s Deductible or Maximum Out of Pocket.

**Prescription Drugs and Intravenous Infusions**

We will determine if the use of Prescription Drugs or intravenous infusions is Medically Necessary.

I. **Appeal of an Adverse Determination**

Internal Appeal of an Adverse Determination
Our determination that the care the Member requested or received was not Medically Necessary or appropriate or was Experimental or Investigational based on Our Utilization Review standards is an Adverse Determination, which means the Member’s request for coverage of the care is denied. Once We have all the information to make a decision, Our failure to make a Utilization Review determination within the applicable time frames set forth above will be deemed an Adverse Determination subject to an internal Appeal.

The Member, a person acting on the Member’s behalf, or the Member’s Physician may request an internal Appeal of an Adverse Determination to Us orally or in writing in accordance with Our internal Appeal procedures. Members will have one hundred eighty (180) days following receipt of a notification of an Adverse Determination within which to Appeal the determination. We will acknowledge the Member’s request for an internal Appeal within five (5) working days of receipt. This acknowledgment will, if necessary, inform the Member of any additional information needed before a decision can be made. A clinical peer reviewer who is a Physician or a Health Professional in the same or similar specialty as the provider, who typically manages the disease or condition at issue and who is not subordinate to the clinical peer reviewer who made the initial Adverse Determination will perform the Appeal.

If the Member’s Appeal is denied, Our notice will include a clean and concise statement of the clinical basis for the denial and the Member’s right to seek review of the denial from an Independent Review Organization and the procedures for obtaining that review.

If the Member has a Life-Threatening Disease or Condition or in circumstances involving Prescription Drugs or intravenous infusions, the Member has the right to an immediate review by an Independent Review Organization and the Member is not required to first request an internal review by Us.

Adverse Determination Appeal
If the Member’s Appeal relates to an Adverse Determination, We will decide the Appeal within thirty (30) calendar days of receipt of the Appeal request. Written notice of the determination will be provided to the Member, or the Member’s designee, and where appropriate, the Member’s Provider, within two (2) business days after the determination is made, but no later than thirty (30) calendar days after receipt of the Appeal request.

Expedited Appeal
An Appeal regarding continued or extended benefits, additional benefits provided in the course of continued Treatment, Home Health Care benefits following discharge from an inpatient Hospital admission, benefits in which a provider requests an immediate review, or any other urgent matter will be handled on an expedited basis.

The Member can additionally request an expedited Appeal for the denial of Emergency Care, continued hospitalization, Prescription Drugs for which the Member is receiving benefits through the Plan and a step therapy exception request. For an expedited Appeal, the Member’s provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. The Member’s provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or one (1) business day of receipt of the information necessary to conduct the Appeal.

If a Member has any questions about the Appeals procedures or the review procedure, contact Us at 800-321-7947.

Appeal of an Adverse Determination to an Independent Review Organization
An Adverse Determination means a determination by Us or Our designated Utilization Review organization that the benefits provided or proposed to be provided are not Medically Necessary or are Experimental or Investigational.

A Final Internal Adverse Determination means an Adverse Determination that has been upheld by Us at the completion of Our internal review and Appeal process. This procedure pertains only to Appeals of Adverse Determinations.
The Member or an individual acting on the Member’s behalf or the Member’s provider has the right to request an immediate review of Our Appeal decision by an IRO by submitting a request to Our HHS administered external review contractor, MAXIMUS, within four (4) months after receipt of the notice of the determination of the Member’s Appeal. There is no cost to the Member for the independent review.

The Member will not be required to exhaust Our Appeal process before requesting an IRO if:
- the Appeal process timelines are not met; or
- in an Urgent Care situation.

Under non-urgent circumstances, the Member may request a standard external review. For Urgent Care, the Member may request an expedited external review.

The IRO examiner will contact Us upon receipt of the request for external review. For a standard external review, We will provide the examiner all documents and information used to make the final internal Adverse Determination within three (3) business days. For an expedited external review, We will provide the examiner all documents and information used to make the final internal Adverse Determination as soon as possible.

The IRO examiner will give the Member and Us written notice of the final external review decision as soon as possible, but no later than twenty (20) days after the examiner receives the request for a standard external review. For an expedited external review, the examiner will give the Member and Us the external review decision as quickly as medical circumstances require, but no later than within seventy-two (72) hours of receiving the request.

The Member may request an external review for an Adverse Determination for Prescription Drug exception requests. The IRO will issue a response to the Member or the Member’s legal representative no later than seventy-two (72) hours from receipt of the Member’s request. For an expedited Appeal for Prescription Drug exception requests, the IRO will issue a response to the Member or the Member’s legal representative no later than twenty-four (24) hours from receipt.

J.  Continuity of Care

During the course of medical care, a Member qualifies as a continuing care patient if he or she is receiving care from a Participating Provider for:
- a Serious and Complex Condition,
- a course of institutional or inpatient care from a Participating Provider or Facility,
- a nonelective surgery from a Participating Provider or Facility, including receipt of post-operative care with respect to a surgery,
- pregnancy and is undergoing a course of treatment for the pregnancy, or
- a determined terminal illness and is receiving treatment for such illness from a Participating Provider or Facility, and such Participating Provider or Facility’s contract to be a network provider terminates or expires for any reason other than fraud by such Participating Provider or Facility, then the Issuer is required to meet all of the following requirements:
  o We will notify each Member under the Plan who is a continuing care patient that he or she is protected for continuing care at the time the Participating Provider or Facility’s contract terminates and tell such Member of his or her right to elect continued transitional care from such Participating Provider or Facility.
  o We will provide the Member with an opportunity to notify Us of the Member’s need for transitional care.
  o We will permit the Member to elect to continue to have the benefits provided under the Plan or such coverage under the same terms and conditions as would have applied and with respect to such items and services as would have been covered under the Plan had the Participating Provider or Facility’s contract not terminated.

The transitional coverage shall continue beginning on the date the Member receives notice of the contract termination and shall continue until the earlier of ninety (90) days after the Member’s receipt of the notice, or the date the Member is no longer qualified as a continuing care patient with respect to that Participating Provider or Facility. The Participating Provider caring for the continuing care patient agrees to accept payment from the Issuer for services and items furnished to the continuing care patient as payment in full for such items
and services and to maintain compliance with all policies, procedures, and quality standards imposed by the Issuer.

K. Complaint Procedure

We recognize that a Member, Physician, provider, or other person designated to act on behalf of a Member may encounter an event in which performance under this Certificate of Coverage does not meet expectations. It is important that such an event be brought to the attention of Issuer. We are dedicated to addressing problems quickly, managing the delivery of benefits effectively, and preventing future Complaints and Appeals. We will not retaliate against a Member because the Member, the Member’s provider, or a person acting on the Member’s behalf files a Complaint or appeals a decision made by Us.

We offer Members the opportunity to file a Complaint within one hundred eighty (180) days to dispute the benefit/Claim processing. Members are required to file a Complaint in writing and can call Customer Service to begin the process. If Our resolution of the Complaint is unsatisfactory Member, the Member will be afforded the opportunity to Appeal that Complaint.

In some cases, We may ask for additional time to process a Member’s Complaint. If a Member does not wish to allow additional time, We will decide a Member’s Complaint based on the information We have. This may result in a denial of a Member’s Complaint.

We will send an acknowledgment letter upon receipt of oral or written Complaints no later than five (5) business days after the date of the receipt. The acknowledgment letter will include a description of Our Complaint procedures and time frames. If the Complaint is received orally, We will also enclose a one-page Complaint form, which must be returned for prompt resolution of the Complaint.

We will acknowledge, investigate, and resolve all Complaints within thirty (30) calendar days after the date of receipt of the written Complaint or one-page Complaint form.

The Complaint resolution letter will include the specific reason(s) for Our determination. The response letter will also contain a full description of the process for Appeal, including the time frames for the Appeals process and the time frames for the final decision on the Appeal.

Complaints concerning an emergency, or a denial of continued hospitalization are resolved no later than one (1) business day after We receive the Complaint.

L. Appeal of Complaints

If the Complainant is not satisfied with Our resolution of the Complaint, the Complainant will be given the opportunity to appear in person before an Appeal panel at the site of which the Member normally receives benefits or at another site agreed to by the Complainant or address a written Appeal to an Appeal panel.

We will send an acknowledgment letter of the receipt of oral or written Appeal from Complainants no later than five (5) business days after the date of the receipt of the Appeal. The acknowledgment letter will include a description of Our Appeal procedures and time frames. If the Appeal is received orally, We will also enclose a one-page Appeal form, which must be returned for prompt resolution of the Appeal.

We will appoint members to the Complaint Appeal panel, which shall advise Us on the resolution of the Complaint. The Complaint Appeal panel shall be composed of one Issuer staff member, one Participating Provider, and one Member. No member of the Complaint Appeal panel may have been previously involved in the disputed decision. The Participating Provider must have experience in the same or similar specialty that typically treats the medical condition, performs the procedure, or provides the Treatment in the area of care that is in dispute and must be independent of any Physician or provider who made any prior determination. If specialty care is in dispute, the Participating Provider serving on the Appeal panel must be a specialist in the field of care to which the Appeal relates. The Member may not be an employee of Issuer.
No later than five (5) business days before the scheduled meeting of the panel, unless the Complainant agrees otherwise, We will provide to the Complainant or the Complainant’s designated representative:

- any documentation to be presented to the panel Our staff,
- the specialization of any Physicians or providers consulted during the investigation; and
- the name and affiliation of each Issuer representative on the panel.

The Complainant, or designated representative if the Member is a minor or disabled, is entitled to:

- appear before the Complaint Appeal panel in person or by other appropriate means,
- present alternative expert testimony; and
- request the presence of and question any person responsible for making the prior determination that resulted in the Appeal.

Notice of the final decision of the Issuer on the Appeal will include a statement of:

- The specific medical determination.
- The clinical basis for the Appeal's denial.
- The contractual criteria used to reach the final decision.
- The notice will also include the toll-free telephone number and the address of the Texas Department of Insurance.
