Member News: Narcan® Nasal Spray Available for \$0 Copay

You can now obtain Narcan® Nasal Spray for a \$0 copay and be prepared to help save a life.

Naloxone is the active ingredient in Narcan® Nasal Spray. It is a medication that can stop or reverse an opioid overdose. If you or someone you know is taking opioids, talk to your pharmacist or provider about having it on hand for an overdose emergency. Most accidental overdoses happen in the home. Narcan® is designed for those without medical training.

Key Points about Narcan® Nasal Spray

- Needle-free
- Easy to use
- Inhalation not required
- Can be used in children
- Now available at \$0 copay
